

# The Near-Death Experience (NDE) Program

## Bay View Retreat ~ Vancouver Island

Join Near Death Researcher, Dr. Scott Taylor and multiple near-death experiencer, Paul Elder, on a unique 6-day journey into the realms of Spirit.

During your time with us you will learn various techniques to move your consciousness out of the physical. Using a blend of patented Hemi-Sync® technology and specific meditation techniques, you will discover how to safely enter specific states of consciousness associated with Near Death and Out of Body Experiences, and return at will.

**For the first time ever, this powerful and sacred experience is available to everyone.**

During this first-of-its-kind program, you will explore the non-physical universe by visiting the realms encountered by Near Death Experiencers. You will have the unique opportunity to explore the signature aspects of NDEs in a way that is safe and transformative. Many people report:

- Gaining a profound inner wisdom.
- Connecting to something greater than oneself
- Reuniting with friends and relatives who have transitioned
- Experiencing a powerful feeling of breaking through any barriers of fear and limitation
- Developing the desire to live differently
- Accessing the realm of all knowledge
- Experience Ultimate Freedom

**Release your fears. Know and look forward to where you are going.**

**Tuition: \$1,995. (Includes all seminar activities, meals, lodging, and local airport/ferry pickup & drop-off)**
